

Becker Launches Public Adjusting Firm for Community Associations

August 21, 2020

Becker is pleased to announce the launch of **Association Adjusting**, the one and only public adjusting company that exclusively serves community associations throughout Florida.

Virtually every community association will experience a significant property damage claim at some point during its lifespan. In addition to windstorms, fires and floods there are the everyday water leaks with which volunteer boards and managers must contend. While it is reasonable to believe that after years of dutifully paying your insurance premiums your damage claims will be paid quickly and in full, the reality is often quite different.

**Your insurance company has a team of attorneys and adjusters on their side.
You should have your own professionals on yours.**

Association Adjusting is a licensed and insured Public Adjusting Firm led by Joseph "Joe" Connelly, an advocate for insurance consumers for more than a decade.

Join us for a special program to meet Joe and learn how to proactively prepare for the inevitable!
