2019 DAY OF MENTORSHIP

For the second consecutive year, Becker partnered with The FLITE Center to host a meaningful day of mentorship and networking for Broward County foster youth who are aging out of the system.

Take a look at the video which is a compilation of events from the day, highlighting special guest speakers and the various career-mentoring booths where FLITE participants had the opportunity to learn important life skills such as building a resume, interviewing, and tying a tie. A panel of local community leaders spoke about their experiences overcoming adversity and FLITE participants even heard from two NFL football players who were in attendance.

If you are as moved as we are by the life-changing impact The Flite Center has on young adults aging out of foster care, please consider making a donation [here](#).
