Vincenzo Mogavero, chair of our New Jersey and New York litigation groups, has just received his M.B.A. from Cornell University.

Vincenzo joined the New York office as a litigator in August 2011, and has continually impressed all of us with his intelligence, work ethic and leadership abilities. He quickly emerged as the leader of the NY/NJ litigation group and, in 2015, added administration of the New Jersey Construction litigation practice to his

responsibilities.
