As announced, Steve Lesser was awarded the prestigious Cornerstone Award, the top honor presented by the ABA Forum on Construction Law. The below video of the award ceremony includes introductory remarks by Past Chair of the Forum Will Hill detailing Steve's commitment to Construction Law over his thirty year career.

Managing Shareholder Gary Rosen who was in attendance for the ceremony said, "Listening to Steve's introduction, I was struck by the length of the list of leadership positions Steve has held in the ABA, the Florida Bar, and so many other organizations, all of which have required a commitment of time and labor that defies human limits. In that banquet room filled with over 500 people, it was obvious that Steve is revered by his colleagues of the Forum. We are so fortunate he has made his career with us here at Becker."
